TIME TO MAKE MONEY

WITH SA'S 4TH DEMOCRATIC ELECTION AND ALL OF THE LONG WEEKENDS OUT OF THE WAY IS IT NOW TIME TO GET DOWN FOR SOME SERIOUS INVESTMENT BUSINESS.

Global investment markets have staged a powerful rally since March 6th this year on the back of very encouraging signs that the worst of the credit crunch could be over.

At the same time interest rates are set to be lowered again, making money market investments even less attractive.

Valuations drive long-term success in equity markets and this is the theme of our next investment seminar which takes place on the 6th May at Investec HQ in JHB.

Our guest speaker is Clyde Rossouw, one of SA's top fund managers who has been managing the top-performing Investec Opportunity Fund for the past ten years.

This seminar will be repeated on the 14th May in Cape Town for our clients in the Mother City and surrounds.

It is our view at Brenthurst Wealth that the brutal bear market of the last seven months or so, has created once-in-a-generation opportunities for long-term investors who have the vision to look past the current bout of volatility. We urge all clients as well as other interested investors to take time out to attend one of these seminars.

Clyde Rossouw - Portfolio Manager

13 years investment industry experience.

Clyde is a portfolio manager at Investec Asset Management with a focus on absolute return investing. His portfolio manager duties include the Investec Opportunity Fund unit trust. Clyde joined Investec Asset Management in November 1999 as an asset allocation and sector allocation strategist.

Prior to Investec Asset Management, Clyde was awarded a bursary by Sanlam and worked in their group for eight years, including five years in asset management. His experience in investments includes fixed income analysis and portfolio management. Clyde completed his Bachelor of Science (Statistics and Actuarial Science) degree at the University of Cape Town in 1991. He was awarded the Certificates in Actuarial Techniques (1995), and Finance and Investments (1997) by the Institute of Actuaries in London, and gained his Chartered Financial Analysts qualification in 1999.

Booking is essential to secure your seating.
Refreshments & Snacks will be served from 17h30!

WE LOOK FORWARD TO THE PLEASURE OF YOUR COMPANY!

Please feel free to forward this invite to a friend or family member who might be interested in either one of these seminars.
